Correction: Machine learning methods in psychiatry: a brief introduction

When this article was first published online, this equation was not properly listed. It was missing the end parenthesis. The equation has now been updated to the following:

\[
\text{Severity} = \frac{10}{11} \times \left( \text{HospN} + \text{SuicAttn} + \text{ComPD} + \text{BMI} + \text{IllnessN} + \text{SCIPI}\text{Tr} + \text{PD} \times \text{BD} + \text{FAST}_{T} + \text{FAST}_{leisure} + \text{SF}_{PH} + \text{SF}_{MH} \right).
